TRAINING PROGRAMS

The Canine Coach Training programs are designed to help your dog become a well mannered and obedient companion.

Our hallmarks are positive training methods, experienced trainers, flexible schedules and plenty of individual attention. Each of our private training sessions are done in the comfort and convenience of your home .

BASIC OBEDIENCE: Training for dogs twelve weeks and older. Basic training helps build a strong and rewarding bond with your dog. We will teach your dog to walk on a leash without pulling, sit and stay, lie down and stay, stand and stay, come when called and heel on a leash. We will also help correct problem behavior such as jumping up, stealing food, nipping, etc...

ADVANCED OBEDIENCE: This course is designed for those clients who have completed basic obedience and want to take their dog to the next level. Our training director or pet training consultant will meet with each client individually to determine their training needs.

AGILITY:

Teach your dog to soar over jumps, fly through tunnels and scale A-frames and dog walks. We offer classes from beginner through competition level.

Please call for class dates and locations.

BOARD AND TRAIN: No time to commit to your dog's training? We will do it for you. Our program brings your dog into our family for training and manners. While your dog is here they train daily and get lots of play time with their canine buddies.. Minimum of one month with follow up private lessons after to transfer the training to you.

PRIVATE LESSONS: Lessons catered to your schedule. One on One training at our facility or in your home.

SPECIALIZED TRAINING: Classes for specialized training such as Search and Rescue, Schutzhund and French Ring Sport are also available.
